Dated January 5th, 1906.

To the Stockholders of National Lead Co.

The National Lead Company pursuant to resolutions of its Board of Directors hereby offers to those who shall be its stockholders of record, as shown by its books at 3 P. M. on the 10th day of January, 1906, the option to subscribe for thirty thousand (\$100) each (\$3,000,000) of the seven per cent. (7%) Preferred Capital Stock of this Company, being a part of the increased capital stock authorized by the Company's amended Certificate of Incorporation.

Said Stockholders of record will be entitled to subscribe at par for one (1) share of said increased Preferred Capital Stock for each ten (10) shares of their said holdings of the present outstanding Capital Stock, either Common or Preferred, of this Company.

Certificates evidencing stockholders' rights to subscribe will be mailed to them as soon as practicable after the closing of the stock books at 3 P. M. on the 10th day of January, 1906, together with a circular more fully describing the form of subscription, the right to which will expire at UNITED FRUIT COMPANY 3 P. M. January 25, 1906. Payment in full at par for said stock must be made to this Company at its said New York Office on or before the 31st day of January, 1906. Failure to make such payment in full within the time above limited will have the effect of terminating the said option as to any and all stockholders or their assigns who fail to make such payment. Any stock not subscribed or paid for in accordance with the terms hereof will be disposed of as the Directors may determine. Upon receipt of such payment this Company will issue its certificates of preferred stock in their present form exchangeable for certificates of preferred stock in an amended form now being engraved, when the same shall have been completed and ready for delivery. This amended form of certificate of stock will contain an agreement by the Company not to redeem any of its Preferred Stock prior to January 1, 1910. To ascertain the stockholders entitled to make this subscription the stock transfer books will be closed at 3 o'clock P. M. on January 10, 1906, and reopened at 10 o'clock A. M. on January 15, 1906.

NATIONAL LEAD COMPANY. By L. A. COLE, President. 100 William St., New York. December 28, 1905.

To provide funds to build a railroad to its mines and a power plant at the mines, and for other improvements which will largely increase its earnings and its dividends, the SAN LUIS MINING COMPANY has recently increased its capital stock from 225,000 300,000 shares of the par value of \$10 each, and the stock is now offered for subscription.

Prices will be quoted on application.

Subscrittions received on or before January 10th will be in time to participate in the January dividend. Many shrewd and successful investors are now buying the stock, believing that copper and that the SAN LUIS is one of the best of the coppers. It has more than two hundred thousand tone of one marked out and ready to take down, and its copper deposits are unexcelled by those of any other company in extent and in the grade of the copper ore; and, besides this, it has the advantage over all its competitors of having gold and silver enough in its copper ores to pay the entire

cost of production, so that the copper is a by-product, costing nothing. Other copper stocks can pay dividends when copper is high. The SAN LUIS can pay even when copper is at its lowest. Investors in copper stocks cannot afford to pass over the SAN LUIS.

PLAN.

The Corn Pruducts Refining Company will be organized under the laws of New Jersey with a capital of \$30,000,000 Preferred and \$50,000,000 Common Stock, the same as the Corn Products Company and with the same provisions as to preference.

Mr. E. T. Bedford will take the Presidency of the Company and the management of its business, bringing into the Board of Directors those associates who have been actively connected with him in the New York Glucose Company. When the Plan becomes effective the Corn Products Refining Com-

pany will own: (1) At least a majority of the Capital Stock of the Corn Products Com-

(2) The entire Capital Stock of the New York Glucose Company, not already acquired by the Corn Products Company;

ady acquired by the Corn Froducts Company;

(3) The entire Capital Stock of the Warner Sugar Refining Company;

(4) The entire Capital Stock of the St. Louis Syrup and Preserving apany;

the new Company, with its subsidiary Companies, will have a net king capital of approximately \$5,000,000. Company; and the new Company, with its subsidiary Companies, will have a net working capital of approximately \$5,000,000.

All stock set apart for exchange for stock of the Corn Products Company and not used for that purpose will remain in the treasury.

In effect, the Corn Products stockholders will surrender one-third of their holdings for the purpose of acquiring the entire interest in the three companies above named, not already owned by the Corn Products Com-

Those three companies have modern works, and no bonded debt except \$2,300,000, while the subsidiary companies of the Corn Products Company have a total bonded debt of \$7,293,000. The three companies, New York Glucose Co., Warner Sugar Refining

Company, and St. Louis Syrup & Preserving Co., contribute a net working capital of about \$2,000,000 toward the joint working capital of \$5,000,000. During the year just ended those three companies did about fifty per cent. of the entire business, domestic and export.

The financial status of all companies to be verified by public accountants, and titles to be examined by counsel.

The undersigned stockholders, among others, have agreed to deposit stock under the foregoing plan.

NORTHWESTERN'S EXTENSIONS. Road Has 1,528 Miles of New Track Build

ing or Completed. CHICAGO, Jan. 7 .- The Chicago and Northwestern has made a remarkable record for building extensions into new territory. When the extensions now under construction are completed the company will have added 1.528 miles of track to its system. The

work will be finished before the end of 1906. About one-fourth of the new mileage will be in Wyoming, where an extension of 1,028 miles is building from Caspar to Shoshone. Another extension is in the same State, from Shoshone to Lander, 45.5 miles. miles from Pierre to Rapid City, under the name of the Pierre, Rapid City and Northwestern. Another subsidiary company is the Man towco, Green Bay and Northwestern, from Manitowoo to Gillett, Wis., 65.67 miles, with a branch from Pulaski to Eland Junction, 48.38 miles. The Milwaukee and State Line, building from Mayfair to Lake Biuff and to St. Francis, Wis.; will be double track and is almost completed.

The line from Caspar to Shoshone will be opened next June. It will penetrate to the big Shoshone reservation and open up fine agricultural country. The Pierre, Rapid City and Northwestern connects at

Rapid City and Northwestern connects at Rapid City with the Black Hills line to Dead-wood. The Manitowoc, Green Bay and North-western furnishes a short line into the ore region of northern Michigan.

In addition to these the Northwestern is building a logging road, thirty miles long, from Lacona, Wis., to a connection with the Peninsula division at Saunders, Mich., and a similar road twenty-one miles long from Mercer to Presque Isle, Wis.

BIG DEMAND FOR FREIGHT CARS.

American Car and Foundry Company Has Year's Orders Ahead.

St. Louis, Mo., Jan. 7 .- The report of the Merchants' Exchange, just issued, that the association has a balance of \$1,274 to the credit of current account and \$49.28 to the credit of the real estate account. A comparison of the volume of business for the yearended November 30, 1905, with the year ended November 30, 1904, follows:

1904. 1905. Inc. P.C. Cars unloaded ...... 34.611 Of 35,518 cars examined, the exchange

records show that 11,312, or 31 per cent., of the total number were in bad order, or not properly sealed. The following classifica-

the entire output of freight cars for the year 1906 and for the next six months on passenger coaches. The company is negotiating for a site to erect an addition to their works in this city to establish shops for the manufacture of steel freight cars. Adolphus Busch owns the ground desired by the company and there has been some hitch in the negotiations.

This is the largest primary fur mart in the world, not simply in the United States. The sales to dealers and for export during the sales to dealers and for export during the sales thus far for the scason 1905-6 indicate that the high water mark for the past season will be surpassed, the estimate being not less than \$10,000,000.

The boot and shoe frade of St. Louis is increasing with rapid strides. All the factories are running at their full capacity, but are unable to keep up with the demand, necessitating heavy purchases in Massachusetts. The high price of leather and other material entering into the manufacture of boots and shoes, with the probability that prices will be further advanced, is causing no little anxiety among jobbers, as it will call for a corresponding advence in the manufactured product. Good leather is difficult to obtain, even at quotations, and manufacturers are becoming scriously embarrassed.

This is between seasons with the dry goods fobbers, and consequently there is not very much doing. All the jobbers say they did a satisfactory business the past year, while the advance orders for spring goods are phenomenally heavy. The only complaint beard is that they are unable to get labries from the mills as promptly as business requirements demand and that prices are very high. Still, a majority of the houses claim to have fair stocks on hand. Collections are reported good, money being plentiful.

This city stands second to Boston as a wool mart. Dealers say the business of the year has been good and prices are well maintained. wool mart. Dealers say the business of the year has been good and prices are well maintained.
